4BR TOWNHOUSE AREA GR + FF: 310 SQM

## 4 BEDROOM TOWNHOUSE (TC 6)

PHASE 1 & 2

Our four-bedroom townhouses have an open-plan layout on the ground floor. The floor-to-ceiling glass façade ensures natural light infusion throughout the day, as well as stunning views to the outside, especially the community pool, kids' play area and the landscaped surroundings. In addition, an elegant staircase leads to the first floor, with a seamlessly hidden spacious store area beneath the steps of that staircase.

Double-height void spaces provide ample light and space.

This townhouse has two carports and ample guest parking spaces nearby, with at least three parking spaces for the 4-Bedroom townhouses.

It has a private courtyard, a guest master bedroom on the ground floor and is adjacent to the central park.

Luxurious finishings are provided throughout these townhouses.
